

IMPORTANT REMINDER

Valued Customer,

To enhance performance and streamline parts, GM has updated their filter recommendation from PF26/PF26F to PF63/PF63F.

In alignment with GM's updated recommendations and to simplify our product line, Service Champ catalog number OF1513 will now be superseded to part # OF2500. This change is effective immediately.

Both the OF1513 and the OF2500 continue to provide the filtration performance required by cataloged applications and remain suitable for use as this change is implemented.

Thank you for supporting the Service Champ product line. Please contact your sales representative with any questions you may have or explore our online catalog at servicechampfilters.com.

Here are the applications affected.
